Role Overview:

We're looking for a high-energy Detailing Apprentice who's ready to do more than just scrub tires. This is your chance to learn a high-ticket trade and help us scale our business, Evocative, while you grow your own bank account.

If you've got the drive, we've got the roadmap. You'll be responsible for insane vehicle transformations and will have the direct power to boost your earnings through performance bonuses and industry-recognized certifications. This isn't a dead-end gig. It's the start of your career in the automotive elite.

The Vibe:

We work hard, but we do it right. Expect a fast-paced environment where we celebrate the "big wins" and the "insane before-and-afters." If you're obsessed with satisfying cleaning videos, this is the job for you.

Key Responsibilities:

1. **Master the Craft:** Go from "car washer" to "surface specialist." You'll learn the secrets behind pro-grade exterior resets, deep-interior revivals, and high-end paint protection.
2. **Secure the Bag:** We want a go-getter. Actively go out, talk to, and bring in new, first-time customers to the shop. Then, watch your paycheck grow!
3. **The Mobile Pro:** You become one of the faces of the brand on the road. You'll be responsible for safely hauling the rig and maneuvering equipment.
Note: You must become a pro at driving and backing up with a trailer.
4. **Content Creator:** Help us document the transformations. Capture those crisp 4K 'before and after' shots for our social media to show the world what we do."
5. **Level Up (IDA Certification):** We don't want you to stay at entry-level. Study for and crush your IDA (International Detailing Association) Certification. We'll provide the materials; you provide the brainpower.

Plus, once you're certified, your pay goes up.
